ABOUT US

At Wokworks, everything is made from scratch & seared in a wok over high heat. Our wok artisans work in a sensory rich environment of clanking metal, smoke, steam, and jet torch flames. Each bowl is packed with intense flavor, nutrients and a hint of smokiness. We strive for "wok hei", the distinctively complex smoky flavor and aroma that can only be achieved when natural ingredients and intense heat meet in the wok. Healthy, vegetable-forward fast food.
